- *Michele made a motion to award the paving project for Cherry Street and Chestnut Street to Lindy Paving for \$84,956.25. Second by Joe. Motion carried.*
- *I still want to be able to tar and chip and fill the potholes around the park and parking lot of the Borough Building.*

- *Broken front axle on the toolkat, wanted to discuss possibly trading the machine for equipment that would be more suitable for the streets, when Bobcat got the machine on the lift it was only the wheel bearing*
- *Lots of pothole filling*
- *Dock project is moving along great; the only issue is we will be \$600 more than expected after the \$2500 donation from the American Legion. Jeff made a motion to take \$600 out of Capital improvement to complete the dock project. Second by Joe. Motion carried.*
- *Old piece of dock that was down at the lake and someone tripped on it last year so the dock will be pulled out and disposed of as its unsafe.*
- *Was brought to our attention on the Hotel side and the Hotel has a ramp for handicap accessible. Unfortunately, we don't have handicapped parking on that side of the road. Being the Borough maintains that part, once the tar and chip is completed, we would like to create handicap parking.*
